

VOLUNTEER REMINIDERS

THANK YOU FOR.....

....trying to let each recipient know you have delivered their meals by calling or speaking to them.

....attempting to find your own sub by swapping with your route buddy who delivers your route on a different day.

....leaving a door hanger note for recipients who are not home for delivery.

....signing your route sheet each week and noting how many meals you delivered next to client's name.

YOUR DEDICATED CARING EFFORTS BY DONATING YOUR TIME, GAS & LOVE!!

....letting us know when you have more involved concerns about certain clients.

....letting us know about any undelivered meals via route sheet & returning meals back to staff.

....calling 452-6620 to file an HHSAPS (Adult Protective Services) report if you think a client is unsafe or neglected.

....checking your folder & delivering any informational handouts such as menu to the client.

....notifying MOW staff about any volunteer absences via route sheet and/or cell text preferred.

.....remembering that meals can only be left in a cooler with frozen pack if client is not home.

....offering any undelivered meals to other recipients — noting who received extra on route sheet by client's name.
